

## W. D. LACY IS DEAD---WACO MOURNS LOSS

President of Citizens' National Bank Succumbs to Pneumonia Last Night.

HAD BEEN FOREMOST CITIZEN

At Age of 73, Could Look Back on Active Participation in City's Growth.

William D. Lacy, president of the Citizens' National bank, died last evening at 7 o'clock. Death came after a lingering illness brought on by pneumonia, which followed the shock and injury of a fall.

In the passing of Mr. Lacy, Waco loses one of its foremost business men and citizens. He had made his home in Waco for years, and at 73 years old his age at the time of death, had lived to see the city's business development not as a bystander, but as a component part of its organization.

Mr. Lacy was president, also of the Lacy Coal company; president of the Clifton Manufacturing company; director of the Texas Electric Railway company, and one of the active promoters and subscribers to stock of the newly organized Williams Dry Goods company.

He was active in aiding the Ladies' Oakwood cemetery association, and as a Confederate veteran took a prominent city and statewide part in that organization.

Mr. Lacy became president of the Citizens' National bank ten years ago, when the then president, J. S. McLendon, died. He headed the Bell Water company, the privately owned plant sold to Waco several years ago. While head of the water company he conceived the idea of a tubular system of waterworks in East Waco, which for a long time was the chief dependence of the people in that part of the city for water.

The deceased leaves two sisters, Mrs. Clay Withers of Denton and Mrs. Flora Bird of Port Worth, and a brother, Charles Lacy of Arkley; also his wife and seven children: two sons, Walter G. and Will D. Jr.; five daughters, Mrs. Albert T. Clifton, Miss Lalla Fay Lacy of Waco; Mrs. Beverly Hardin, Hillsboro and Mrs. Guy F. Witt, San Antonio.

Funeral services will be held at 3 o'clock Sunday afternoon, but arrangements as to detail have not yet been announced by the family.

## RADIO OPERATORS DECLARE VADEN VIOLATED RULES

Paul Deeley and Gordon White, members of the High School Radio club, declared to the News last night that E. H. Vaden, business manager of the city schools, violated a government rule when he tore down their wireless station at the high school and that he exceeded his authority in taking down their property. The young men state that the apparatus in some cases was almost destroyed so as to make it unfit for further use. The station was ordered discontinued by the school board yesterday as a matter of patriotic precaution. The young men, with others, have organized a new radio club and declare they will set up new apparatus at once when a location is secured.

## Franklin, Texas, Fatalities Due to Boy's Prank

By Associated Press. Franklin, Texas, March 16.—Mrs. Albert Sitz is in a critical condition and her five-year-old daughter is dead as the result of the accidental discharge of a gun by Mrs. Sitz' 14-year-old son at their home here late today. The boy, believing the gun was not loaded, playfully pointed it at his mother and sister. When he pulled the trigger the little girl's head was shot completely from the shoulders and the mother sustained probably fatal wounds in the head.

## Death Trails West Man; Finally Gains Victory

Special to The News. West, March 16.—August Maler, 40, was instantly killed here shortly after 8 o'clock last night when his team of horses, becoming frightened at a passing automobile a short distance from town, ran away, throwing him into the spokes of one of the wheels. Just four weeks ago today Maler and his son figured in an accident on the Katy railroad crossing here, the son being instantly killed. Maler was able to do without crutches only last week as a result of this accident.

Oh, Man!

## WACOANS HONORED IN AD CONVENTION

LOCAL MEN TAKE ACTIVE PART IN AD CLUB CONVENTION AT DALLAS THIS WEEK.

Wacoans were signally honored by the Associated Advertising clubs of Texas at the state convention at Dallas Friday.

W. C. Crawford, advertising manager of Sanger Brothers, was re-elected state president. The address of J. W. Carlin, advertising manager of the Goldstein-Miguel company, upon "Making Type Talk," was recognized as the most illuminating technical paper that had ever been presented to the body. Carlin was asked because of his excellence to repeat the paper at the national convention in St. Louis in June, and was invited to address the school of journalism at the State university. Carlin was also elected to the board of directors.

The next year's state convention will be held at Houston. J. W. Carlin heads the resolutions committee and Fred Gildersleeve of Waco was placed on the nominations committee.

## Welfare Teams Give Mrs. Trau First Place

At the final luncheon of the Welfare league committees, served in the Y. M. C. A. rooms, Mrs. Frank Trau was declared champion of the captains who have campaigned for funds for the continuance of the work of the Welfare league. In the final count it was found that Mrs. Trau held first place. Miss Nell Symes second and Miss Bert Wright third. Prizes of \$50, \$35 and \$15 were added to the amounts secured by these captains in the order named. The assistants who made this victory possible were Mesdames John P. Rowe, Leslie Stegall, E. H. Hardin, Paul Leber and Miss Esther Gross.

## ROBERTS IS MADE BOSS OF AMICABLE FOR 15-YR. PERIOD

NEW OFFICE OF GENERAL MANAGER CREATED AFTER RESOLUTION HITS AT STOCK JOBBERS.

Artemus R. Roberts, president of the Amicable Life Insurance company, has been given a fifteen year contract with the company as general manager at \$5,000 a year as a result of the annual stockholders' meeting held this week. In the newly created office Roberts has practically supreme authority in the running of the company during the length of his contract, which recites the scope of his authority in detail.

Gets Presidency Also. The contract especially provides that it shall not prevent Roberts from being selected for another office in the company or receiving salary for the same. He is expected to be re-elected president by the directors Monday.

In a resolution the reason for the long term of Roberts' employment is given that Texas corporations are subject to attack by "adventurers and stock jobbers." It reads in part:

The Company statement. Whereas, Amicable Life Insurance company of Waco, Texas, has some 5200 stockholders, owning the total of \$2,000 shares representing its \$20,000 capital stock, each thereby owning the small average of some \$150 of such stock, which stockholders are widely distributed over some seventeen states of the United States, and in order to hold a meeting of such stockholders the law requires that a majority thereof, or over 2600 persons owning over 41,000 shares of such stock, shall be present and voting, either in person or by proxy, to constitute a quorum for the election of directors, or the transaction of other business, which thereby renders it impracticable to ever have present in person at any meeting a quorum of stockholders; and Whereas, adventurers and stock jobbers are constantly engaged upon schemes to depreciate the market value of the stock of Texas corporations with large assets, some for the purpose of buying and selling the same at a profit and others, more daring, for the purpose of wrecking the corporation and liquidating it for a speedy profit to themselves; and Whereas, the volume and nature of the assets of the Amicable Life Insurance company are such that it presents a great temptation to stock speculators and corporation wreckers, and experience has shown the necessity for those who are interested in its welfare to take adequate steps to safeguard against attacks from every source; and Whereas, it is essential to the development and enduring prosperity of this company that it shall be forever removed from exposure to the schemes of stock jobbers and corporation wreckers by the adoption of measures which will give assurance to the policyholders, to the stockholders and to the public of stability and continuity of a management tested by the school of experience and devoted solely to the one purpose of building up a great and prosperous life insurance company which will take first rank among the life insurance companies of the United States; and Whereas, individual stockholders who are unorganized are unable to successfully combat the manipulations of designing persons and interests; and Whereas, frequently the first step in the process of wrecking a life insurance company consists in procuring the proxies of the stockholders and voting out the management in control;

Now, therefore, the stockholders in annual meeting assembled, deem it to the best interests of the company that the management of the company be rendered as permanent and stable as possible.

## HONOR OF HOME STILL SACRED IN VIRGINIA—VAWTER

By Associated Press. Blacksburg, Va., March 16.—Counsel for Prof. Charles E. Vawter issued a statement here tonight saying "a thorough investigation of the facts surrounding the death of Stockton Heth, Jr., will disclose a betrayal of friendship and confidence reposed."

Heth was shot in the Vawters' home on the Virginia Polytechnic institute campus early Tuesday morning and died in a Roanoke hospital yesterday. Vawters is under bond.

The statement issued by Professor Vawter's counsel reads:

"In view of the account published of what is purported to be the dying statement of Stockton Heth, Jr., as to the circumstances leading up to the shooting, counsel for Professor Vawter is of the opinion that it would serve no good purpose for their client to make any detailed statement at this time, other than to say that after a thorough investigation, the evidence will disclose a betrayal of friendship and confidence reposed. The day has not come when the honor of a Virginia home is no longer sacred, and we feel that our client will have nothing to fear at the hands of a jury of his countrymen."

## Authorities Close Wireless Station at Waco High

The wireless station on the High school building was closed yesterday and partly dismantled. The station was powerful enough to send messages 1,200 to 1,500 miles. Owing to the present disturbed conditions it was thought best to close the station for the present. The teacher of wireless telegraphy at the Waco high school is Prof. Max J. Werkentin.

## Can Family of Five Live on \$15.00 Per Week in Waco? Anne Austin is Going to Try It—Watch the Result

Am. Austin. "I can't get along on \$15 a week. It's impossible for a family of five to live on that income."

A friend, when approached on how her family was standing the high cost of living made this statement. "My husband must have an increase in salary, or I don't know what will happen."

Just what does happen when a family of five tries to live on \$15 a week? Years ago that income was considered adequate, and even a few frills could be tucked in on the side, without the savings account suffering from a severe attack of depletion. Can a family do it now? I don't know.

I am just going to do my best to find out. For one week I am to be one of a family, which already consists of mother, father and two children, ages nine and three. They have

## CZAR DYNASTY AT END--RUSS PEOPLE RULE

Nicholas Quit Throne Midnight Thursday—Grand Duke Heads Army.

By Associated Press. Petrograd, March 16.—(5 p. m., via London, March 17, 3:24 a. m.)—Emperor Nicholas abdicated at midnight last night on behalf of himself and the heir apparent, Grand Duke Alexis, in favor of Grand Duke Michael Alexandrovitch.

At 2:30 o'clock this afternoon Grand Duke Michael himself abdicated, thus bringing the Romanoff dynasty to an end. The government, pending a meeting of the constitutional assembly, is vested in the executive committee of the duma and the newly chosen council of ministers. A manifesto to this effect was issued by the duma committee today and it will be telegraphed to the general army headquarters this evening.

## Grand Duke Commands.

By Associated Press. London, March 17.—3:17 a. m.—A Reuter's Petrograd dispatch says that prior to his abdication the Russian emperor transferred the supreme command of the Russian armies to the Grand Duke Nicholas.

## TEXAS LINES IN EMBARGO—STRIKE PLANS REPORTED

By Associated Press. New Orleans, March 16.—The Texas & Pacific railway today placed an embargo against perishable freight, explosives and petroleum products that would not reach destinations before 7 a. m. Sunday and announced that no freight whatever that would not reach destination before Monday at 7 a. m. would be accepted.

The Alabama & Vicksburg, and the Vicksburg, Shreveport & Pacific roads gave notice that no explosives or inflammable freight would be accepted and other shipments would be accepted only to local stations and that subject to delay.

## MEMPHIS EMBARGO.

By Associated Press. Memphis, Tenn., March 16.—The first announcement of a partial embargo on any of the roads entering Memphis from the west came this afternoon, when officials of the St. Louis, Iron Mountain & Southern announced that road would refuse shipments except carload lots after 5 p. m. today. A general embargo on all classes of freight on lines entering from the east and southeast went into effect today.

## PHILADELPHIA EMBARGO.

Philadelphia, March 16.—An embargo effective at 6 p. m. today against all freight except livestock, domestic shipments of food stuffs for human and animal consumption, government freight and newspaper paper was announced tonight by the Pennsylvania, the Philadelphia, Baltimore & Washington and the West Jersey and Seashore railroads. The announcement was made at the conclusion of an all-day meeting of the operating staff of the Pennsylvania road.

## KANSAS CITY EMBARGO.

Kansas City, March 16.—Eight of the twelve trunk lines entering Kansas City have declared embargoes on freight unless delivered by tomorrow night and the remaining lines are expected to proclaim embargoes with the closing of business tomorrow, according to a statement issued by R. D. Sangster, transportation commissioner of the Chamber of Commerce, here tonight. Mr. Sangster declared he made his statement with full authority of the lines.

## HOSTELRIES PREPARE.

New York, March 16.—Hotel proprietors in this city began making preparations today to keep their commissaries supplied in case of a general strike. The tentative plans outlined included the establishment of a motor transport system to keep with interurban electric railroads that maintain a limited movement of food trains.

## CHICAGO RATIFIES ORDER.

Chicago, March 16.—About 600 division chairmen of the four brotherhoods of railway employees met here today and ratified the order of their chairmen for a strike beginning tomorrow at 6 p. m. (central time), and left for their divisions to be in readiness for the walkout.

## UNION STATION DESERTED.

St. Louis, March 16.—The union station of St. Louis will be deserted after 6 o'clock tomorrow night, it was stated officially tonight. All the railroads have their own freight stations and are independent of the terminal association whose employees are to go on strike.

## MINNEAPOLIS FOOD SHORTAGE.

Minneapolis, Minn., March 16.—Within forty-eight hours after a strike is called Minneapolis will be facing a serious coal shortage, according to a survey taken by the civic and commerce association and announced at a conference of the association directors and coal dealers tonight.

## BALTIMORE EMBARGO.

Baltimore, March 16.—A general embargo was placed today by the Baltimore & Ohio railroad against the acceptance of freight from connecting roads until an idea can be had of conditions.

## MANUFACTURERS' WARNING.

By Associated Press. Detroit, March 16.—Detroit manufacturers were told this afternoon that if a general strike is started the railroads will order a lockout Saturday evening.

This statement was made by Edwin Denby, president of the Detroit board of commerce, at a mass meeting of business men called to consider the situation. Mr. Denby said his information came from high official sources of the Pennsylvania railroad.

## WILSON SENDS MEDIATORS TO N. Y. ON STRIKE

All Night Session in Progress to Prevent Rail Tie-Up.

## LITTLE PROGRESS IS MADE

Occasional Statements From Committee Room Offer No Hope.

By Associated Press. New York, March 16.—Secretary Wilson arrived at 10:30 o'clock and immediately went into conference with the brotherhood chiefs with Secretary Lane and Daniel Willard, president of the Baltimore and Ohio, who arrived in the evening. No word has been received from Samuel Gompers, the fourth mediator, as to when he will reach the city.

Secretary Wilson said he brought no mandate and that the mediators had no "cut and dried" plan. They sought simply to bring about a compromise, he declared, but he had no idea along what line.

Secretary Lane arrived at this city at 9:30. Mr. Lane declined to make any statement as to his mission except to say "I have not come here with a club in my hand."

12:45 A. M.—Three of the mediators appointed by the national council of defense in an attempt to avert a railroad strike were still in conference with the chiefs of the four brotherhoods at 12:45 o'clock this morning. At that time more than two hours after the meeting began no word had come from the room where the session was being held.

Meanwhile the members of the national conference committee of railroad managers were awaiting at the Grand Central terminal a summons to join the conference.

The committee of managers headed by Elisha Lee, its chairman, had been called into the conference room at 10:15 o'clock.

2:15 A. M.—Secretaries Lane and Wilson and Daniel Willard, the mediators, were still in conference with the brotherhood chiefs and the railroad managers at 2:15 o'clock.

Samuel Gompers, the fourth member of the council of national defense named as a mediator, had not arrived and no word had been received from him so far as could be learned.

No intimation had come from the conference room as to the progress of the deliberations and there was no indication that the meeting was nearing an end.

2:20 A. M.—Secretary Lane sent word from the conference room at 2:20 o'clock that the brotherhood men had left but that the mediators were still in conference with the managers. He said no further statement would be made tonight.

The following telegram was sent to President Wilson tonight by the railroad managers' committee:

"In harmony with the spirit of your message the national conference committee of railroads will co-operate with the committee of the national council of defense in an earnest effort to avert the national calamity which would result from an interruption of railroad traffic."

2:30 A. M.—The brotherhood chiefs left the hotel at which the conference was held through a rear exit a half hour before Mr. Lane made his announcement. It was said, however, at the hotel where they have made their head-

#### WILSON MAKES APPEAL.

By Associated Press.  
Washington, March 16.—President Wilson today called upon railroad managers and chiefs of the employees' brotherhoods as patriotic men to reopen the questions at issue between them and prevent a general interruption of railway traffic "in this time of national peril."

The president's message, an appeal for adjustment of differences and a solemn protest against a strike, was sent after he and the cabinet had approved a proposal of the council of national defense that it send a committee to New York to undertake mediation between the railroads and their employees. At the same time the committee, Secretaries Lane and Wilson, Daniel Willard, president of the Baltimore & Ohio railroad, and Samuel Gompers, president of the American Federation of Labor, started for New York to seek immediate conferences with representatives of both sides.

#### Wilson Is Confident.

The president is confident that there will be no strike. However, he already is considering the verge may be done if his appeal to the patriotism of the men involved is futile. Legal officers of the government are studying the problem to determine what measures will be lawful not only in an effort to keep food supplies and the mails moving, but with an even more serious situation if the country should be drawn into war. The latter phase, however, given only one minor attention, however, as officials are satisfied that if war came the loyalty of all the railroad men could be depended upon.

The action of the president came with dramatic suddenness late this afternoon. The council of national defense, including in its membership several cabinet members had held a meeting at the war department and decided that with the United States apparently on the verge of war a railroad strike would be a national disaster, proposed the sending of mediators.

#### Calls Cabinet Meeting.

Against the advice of his physician, the president, just recovered from a cold which has kept him in bed for nearly two weeks, summoned a cabinet meeting and in a short, decisive session approved the course.

The president then sent his message to the representatives of the railroads and of the four brotherhoods.

#### BARBED WIRE STOCKADE.

Baltimore, Md., March 16.—Construction of an eight-foot stockade, topped with barbed wire, was begun today by the Western Maryland railroad about its immense freight terminal at Port Covington on the harbor front. Officials of the company said that while they anticipated no trouble in the event of a strike they were preparing for any eventuality.

#### WHAT IS

## LAX-FOS

LAX-FOS IS AN IMPROVED CASCARA  
A DIGESTIVE LAXATIVE  
CATHARTIC AND LIVER TONIC

LAX-FOS is not a Secret or Patent Medicine but is composed of the following old-fashioned roots and herbs:

CASCARA BARK  
BLUE FLAG ROOT  
RHUBARB ROOT  
BLACK ROOT

## GUARDS ARE BEING PREPARED IF CALL FOR CONFLICT COMES

### QUIET SYSTEM OF MOBILIZATION IS BEGUN THROUGHOUT COUNTRY.

By Associated Press.

Washington, March 16.—In preparation for any demand on the army which may grow out of the German crisis the militia bureau of the war department has sent precautionary instructions to all state adjutants general outlining the plan to be followed in the event of the calling out of the national guard for federal service.

The intention had been to take this step quietly and without publicity but reports from various points indicating that it was being construed as meaning that mobilization was imminent caused department officials to announce the instructions with the explanation that they constituted a routine measure of preparedness necessary in order to prevent, if a call should come, such confusion as attending the assembling of guardsmen for border service.

In this connection it was pointed out that the government is going to considerable expense to demobilize regiments returning from the border and which would be held in the federal service if another demand for their services was expected immediately. It was reiterated that the present status of the crisis was to make no move that could be construed as a warlike step. This policy is understood to be the reason that mobilization of the navy has not been ordered.

The circular instructions advise the adjutant generals specifically of national guard organizations in each state which will be summoned in case of a call.

#### China's Action Will Not Change Status of Things

By Associated Press.

Washington, March 16.—China's severance of relations with Germany is not expected here to lead to any further developments at this time unless Germany sees in the seizure of the German ships and sailors and the uncertainty of obtaining a safe conduct for her former officials, a cause for a declaration of war.

#### NEW I. C. C. CHAIRMAN.

By Associated Press.  
Washington, March 16.—Commissioner Henry C. Hall was elected chairman of the interstate commerce commission today following the custom of annual rotation in offices. Mr. Hall was appointed to the commission by President Wilson in January, 1914, to fill the unexpired term of Charles A. Prouty, resigned, and had personal supervision of the commission's divisions of law and inquiry.

## Called Hollweg Fig Leaf For War

By Associated Press.

Amsterdam, via London, March 16.—The Rheinische Westfälische Zeitung publishes the following excerpt from the speech of Deputy Hoffman in the Prussian diet which brought about his expulsion from the chamber: "We shall refuse to vote for the budget. Chancellor von Bethmann Hollweg is merely the fig leaf of military absolutism. Militarism bears the responsibility for the bloodshed in Europe and only when militarism and despotism are removed will the people breathe freely. Force of arms will not lead to a decision and peace. Distress, desperation and general collapse will do it."

#### Thaw Fight Is on; New York Wants Him

By Associated Press.

Albany, N. Y., March 16.—The legal action for the extradition of Harry K. Thaw from Pennsylvania to New York to answer an indictment charging assault on a youth was begun here today. At the request of Governor Whitman, Deputy Attorney General Morton E. Lewis designated Alfred L. Becker, also a deputy attorney general, to represent the state and to co-operate with District Attorney Edward Swann of New York in the effort to have Thaw delivered to the state authorities. They will oppose the attempt of Thaw's counsel to have him committed to a Pennsylvania institution.

#### Mississippi River Is on Flood Rampage

By Associated Press.

Memphis, Tenn., March 16.—While the weather bureau forecast that the Mississippi river here would reach flood stage of thirty-five feet within the next three or four days, officials of the United States engineering office late today declared the high water probably would exceed that stage by several feet. The levee system from Caruthersville, Mo., to a point about thirty-five miles south of Memphis is said to be in condition to withstand a flood registering fifty-three feet on the gauge at Cairo, Ill., which showed forty-four and five-tenths feet today.

#### Art Model's Death Still Mystery, Is Coroner Verdict

By Associated Press.

Philadelphia, March 16.—A coroner's jury, after listening to the testimony of nearly fifty witnesses today, rendered a verdict that Mazie Colbert, advertising art model found dead in her apartments here December 30 last, was strangled by a person or persons unknown. Witnesses called by the prosecutor presented circumstantial evidence tending to show that Bernard W. Lewis of Pittsburgh, Pa., had killed the girl, but this evidence was not satisfactory to the coroner. Lewis committed suicide in Atlantic City as the police were about to arrest him in connection with the girl's death.

## MEXICO BOILS IN NEW REVOLT, THINK WASHINGTON ACTS.

### UNITED STATES TAKES REPORTS OF NEW POLITICAL MOVE SERIOUSLY NOW.

By Associated Press.

El Paso, March 16.—Unusual activity among the group of the former Mexican federal generals, coupled with men known to be close to General Obregon, has caused the United States government officials to take seriously the reports of a new political movement in Mexico led by Obregon.

The appearance of supposed Obregon agents here and in the crossing of a number of former federal generals along the Sonora-Chihuahua line, has caused the secret service agents here to become unusually active in shadowing the men believed to be behind the new revolutionary movement on the border. A former general of Obregon's staff has been here for two weeks and has been seen frequently in El Paso and in Juarez in conference with civil and military officials of the Carranza government. Another agent has been operating west of here and reports from Sonora tonight say the entire state is appearing in the field against Carranza. Carranza officials here and the de facto commanders in Juarez continue to insist that Obregon is loyal to Carranza and is only retiring from the provisional cabinet because of ill health. Rumors of other changes in the Carranza cabinet, including the replacing of several ministers friendly to Obregon with men close to Carranza has tended to strengthen the report of disension within the de facto government. What part Felix Diaz and Villa will play in the new movement is considered here as problematical. Villa, it is believed here, will not be considered.

#### CENSOR LID CLAMPED.

By Associated Press.  
El Paso, March 16.—Important military movements south of Chihuahua City have been veiled behind a strict military censorship applied by Gen. Francisco Murguia, who will not permit even the most simple commercial messages to be transmitted to the border.

Unconfirmed reports of a series of engagements around Parral, Rosario and Magistral have been received here. Reliable reports continue to be received from confidential sources in Mexico that Parral has been captured by Villa forces, that the employees of the Magistral, Durango, mines have been massacred and General Murguia decisively defeated at or near Rosario, Durango.

A Mexican refugee from Chihuahua City stated today that Murguia was sending women and children from Parral and Jimenez to Chihuahua City preparatory to conducting a sweeping campaign of that district.

#### MOVE GERMAN SHIPS.

By Associated Press.  
Philadelphia, March 16.—The interned German commerce raiders Kronprinz Wilhelm and Prinz Eitel Friedrich were today moved to a new position in the Philadelphia navy yard. The moving was without incident. The crews of the ships lined the rails and silently watched three tugs tow the cruisers to their new berths.

## WAR'S SUMMARY SHOWS BRITISH IN CONTINUED ATTACKS

### REPEATEDLY FORCING GERMAN LINES BACK IN CENTER OF SOMME REGION.

By Associated Press.

Continuing their attack on the German lines in the center of the Somme region in France, British troops have gained further successes. Almost all of the St. Pierre Vaast wood has been occupied, the British war office announces.

German trenches on a front of 3,000 yards north and south of the wood also were taken. The St. Pierre Vaast wood lies about midway between Bapaume and Peronne and dominates the outlying positions north of Peronne. A German attack on a British post northeast of the Somme, London says, was repulsed. Berlin reports numerous German raids on the Ancre, Somme, and other sectors in France.

French troops continue to make progress on both sides of the Aisne. In Champagne the French carried out a surprise attack east of the Butte de Souain. Renewed activity in Macedonia in the region of Monastir is reported by Berlin, which says that the French attacking east of that town entered German trenches but at only one point, being beaten off elsewhere.

While the British troops are advancing up the Dala river from Baghdad, Russian troops have occupied a height west of Kermanshah. Persia. British forces have taken part of the town of Bakubah, thirty miles northeast of Baghdad, and on the main road to Kermanshah.

The Turkish forces continue their retreat up the right bank of the Tigris from Baghdad.

## SON HAD TO DO HOUSEWORK

Lady Became A Nervous Wreck From Three Years Suffering With Head. Says Cardui Made Her Well.

Texas City, Texas.—In an interesting statement, Mrs. G. H. Schill of this town says: "For three years I suffered untold agony with my head. I was unable to do any of my work. I just wanted to sleep all the time, for that was the only ease I could get, when I was asleep, I became a nervous wreck just from the awful suffering with my head.

"I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties.

"I was not able to do anything until I took Cardui. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent, for I have never had any headache since taking Cardui. Nothing relieved me until I took Cardui. It did wonders for me. Three bottles of it did more for me than all the medicine or doctor's treatments, or baths I ever took."

Try Cardui for your troubles—it should do for you what it has done for so many thousands of other women. Begin taking Cardui today.

### MAUD POWELL LEAVES MEMORY.

Maud Powell has been here and has gone, but she has left a memory with us that will be cherished forever. Of course, her technique is faultless. The whole world knows that and has shown it for many years.  
Musical Waco and those who know nothing of music except the message that it brings to the heart without lessons in execution were finely loyal to the European club, to whom all praise is due for the wonderful treat.  
With a touch so light that the notes seemed to whisper from some other world, and then notes of the deepest and strongest; then low, vibrant notes of tender appeal; notes of pure joy, merry phrases, sad tones, and tones of exquisite prayer; they were all there and more. To those who heard her, the music was a revelation and would only destroy; to those who were so unfortunate as to deny themselves that pleasure, words can convey no idea of the beauty and splendor of a Maud Powell recital.  
From the first touch of the bow to the almost human instrument, she had her audience with her heart and soul. And they could not let her go. Again and again she bowed her charming self away, just to be forced to return. None of the names of the long and they were so varied in their composition and appeal that monotony was impossible. Maud Powell seemed to care immensely about pleasing; in fact, her so evident presence among those for whom she made music constituted one of her chief charms.

### QUEEN THEATRE OPENS SATURDAY.

Those who have been peeping into the dark hole that was said to be the Queen Theatre reconstruction could not believe that all would be in readiness for a grand opening Saturday. But ready it is, and faith, it is fine to see.  
The opening bill is proclaimed unusually good. A miniature musical comedy, "Little Miss Mix-Up," with a cast of six characters and a chorus of thirteen. B. Walthall as leading man, Mary Charleston is the girl, and together they go through the fires that purify a man and they come out a man and woman with self-respect and are consequently happy.  
The Queen is going to be the best of good vaudeville and the highest grade pictures. Watch for "Skinner's Dress Suit."

### "LOVE SUBLIME" AT HIPPODROME.

When you see a Greek vander, do you think of him kindly? After you have seen "A Love Sublime," you will never be able to think otherwise of the world's most unfortunate race. Wilfred Lucas enters into the part as if he were the master born, or better, as if he could forget himself entirely in the touching, simple character of "Orpheus," the flute player, who falls in love with the ardent waitress. It is a sight for sore eyes to see the love of love in Toine's eyes. A new star has been discovered on the horizon. Carmel Moya is an actress of extraordinary ability and she has that strange, intangible thing poorly designated by the word, "personality." Her profile is as pure as that of a statue and her transparent skin and big, clear eyes are items in a category of real charms.  
The story is simple and yet so gripping in its appeal that many eyes are wet before the first denouement brings the usual happy ending. A play thoroughly worth while is "A Love Sublime."

### "MY OFFICIAL WIFE" AT THE REX TODAY.

The Rex theatre has a genuine treat today.  
Clara Kimball Young will be there in "My Official Wife."  
Her characterization of the Russian peasant girl who becomes a bitter nihilist when her parents are killed in a blood feud by her very eyes is an example of film artistry. As the story goes on, we find her using her womanly charm and magnetism, luring on the Russian noblemen and finally throwing them aside when they have served her purpose. The role is wonderfully suited to her capabilities as are those of Earle Williams, Harry Morey, Rose Tapley, Mary Anderson, Emilie Jensen, and the other stars seen in the production.

Take the bladebone out of a shoulder of lamb, fill up its place with herb dressing, and sew it up with coarse thread. Put it into a roasting pan with a few slices of bacon under and over the lamb, and add two finely chopped onions and a half head of celery chopped. Roast in a moderate oven. Then take the meat out of the pan and reduce the gravy, with which glaze the meat, and serve with sliced tomatoes.

Herb Stuffing—Take two or three peeled onions, chop them up in little dice shapes, and put them in a stewpan with two table-spoons of butter. Fry them together for about fifteen minutes, then season with a little salt and pepper, add a teaspoonful of finely chopped sage, two cups of white breadcrumbs and a half cup of brown gravy.

A letter just issued from the headquarters of the Beaumont-Waco railroad at Beaumont states that at the general meeting of those communities interested in the building of this road in Waco March 8 it was decided to allow each one interested an additional three weeks in which to submit to the secretary, in writing, a more comprehensive proposition and with especial reference to the following:

- One—Extent of proposed line through each community.
- Two—Approximate amount of acreage in cultivation and prevailing price of same. Approximate acreage tillable soil, not in cultivation, and prevailing price.
- Three—Tonnage such community will afford a new road, and what said tonnage will consist of.
- Four—Population of such community now.
- Five—Brief description of physical conditions of land to be traversed, that is, whether level, hilly, choppy, drainage, etc.
- Six—How much trackage, if any, already existing and available; if possible furnish rough sketch of same, with reference to connecting points.
- Seven—Inducements, such as cash bonus, depot and terminal grounds and rights-of-way.

### HIGH SCHOOL CLUB MEETS.

The members of the High School club enjoyed an appetizing supper of Boston baked beans, potato chips, chicken salad, with cream puffs for dessert.

The club afterward was addressed by Dr. Frederick Eby of the education department of the University of Texas, on the subject of "Teaching a Life Work." In the address Dr. Eby emphasized the need of teachers in the educational system of Texas, and the splendid opportunity that lies in teaching as a vocation.

It was announced by the president, Blake Johnson, that Dr. Kesler of Baylor would address the club next Friday evening.

The ladies who served the meal were Mesdames Oenal, A. J. Flowers, Harrison, Hankins, and Miss Audrey Oenal.

## SHORT ONES.

The only explanation of tortoise-shell rims seems to be that this is a free country.

We are inclined as a people to let too much fresh air go to waste in the early morning.

## A STRONG MAN IS CALLED.

WACO today extends her sympathy to the relatives of W. D. Lacy, for decades a leader in the life of his city. His passing, even after a long life of efficient work and good deeds, comes as an especial shock because he continued active in private and city affairs until the accident that indirectly resulted in his death.

His is an example that should prove an inspiration to those in his community striving for the goal of success.

His last community efforts were in connection with the organization of the Williams Dry Goods company and as a leading supporter of the proposed Beaumont-Waco railroad.

## MOVING ONWARD.

COMMENT is freely made that the enactment by congress of the bone dry legislation will act as a boomerang on the march of the prohibition movement. That "hypocrites" who voted for prohibition only to import liquor for themselves will now be the first to clamor for repeal of prohibitory legislation. Such an argument sounds too much like a dying gasp to be answered.

The News believes the story of liquor, particularly of the brain-consuming whiskeys and brandies, is all but told. The word Finis is about to be written in letters that all the world will read. And the close of the book with its heartache and ruin, its false laughter and the tears that follow, is due to the growing competition of the business of life.

The married man of average income who consumes any part of it in drinks containing half alcohol is robbing his family just as surely as if he stole pennies from his child's bank. He is robbing those for whose welfare he is responsible of the right to the sunshine of life. He is robbing them of food, of clothing, of a proper home, for in the present living budget of the average man the price of whiskey can not have a part.

But the whiskey drinker is doing more than petty thieving from his dear ones. He is joining the class of the "Not Wanted" in a working era in which whiskey has been blackballed by the employer.

We have been speaking of the whiskey drinker in particular because the bone dry legislation is aimed at the package importation of whiskey into prohibition territory. The favorite "wet" argument has been that the prohibition states consume more whiskey through express shipments than they did before their saloons were abolished. By the action of congress the states that want to be dry are "bone dry."

The News forecasts that Texas will become dry within three years, either through state or national prohibition; that when she becomes dry she will be bone dry; that the popular vote in Texas if the legislature doesn't block the demands of the people will be almost two to one for a dry state.

## STUDYING EDITORIALS.

A Hartford City, Ind., school teacher has advised her students in English to study the editorial page, but not to take the small-town papers as models. By the time this teacher has read as many editorials as we have she will realize that more often than she thinks the "small-town papers" editorials can far outclass the metropolitan papers for clarity, logic, timeliness and beauty.

A great many small-town papers have no editorials at all; more's the pity. Some of them have nothing in which there is any thought. But the average country editor when he writes an editorial has something to say. He has something in his system he wants to get out and he does it in a vigorous straightforward fashion, if not always in the most elegant English.

Elegance in English can be acquired, but the most elegant English cannot make a first-class editorial. An editorial writer must have something he wants mightily strongly to say and he needs to say it in the most direct fashion. High school pupils can read editorials in both country and city papers with much profit.

## Making Farmers' Wives Efficient.

One bureau of the department of agriculture is devoting its time just now with renewed vigor to the task of making the farmer's wife more efficient in her household duties. Much literature is being sent about the country.

Taking efficiency to a farmer's wife is like carrying cheese to Switzerland.

The farmer's wife rises at half-past four and gets breakfast for her husband and the hired man, so they can get out with their scythes or harvesters and sneak up on the oats and barley while it is yet dark.

By the time the average city woman has taken her first look at the clock and begun to think about getting up, the farmer's wife has milked nine cows, fed 300 chickens and a dozen pigs; washed, dressed and fed seven children, put the milk away in the cellar, washed the dishes, done the churning, made the beds, done the family washing and has gone out with a tin bucket looking for potato bugs.

During the forenoon all she has to do is to weed the kitchen garden, harvest the eggs, peel the rutabagas, make a couple of apple pies for dinner, darn the old man's socks, make a couple of pairs of pants for the twins out of father's old one, dicker with the butter and egg merchant and chase the tin peddlers out of the front yard.

After she has washed the dinner dishes she teaches two or three calves how to drink out of a tin pail, oils the windmill, does her dusting and sweeping, puts up a few preserves, cans nine bushels of plums and gets supper.

All her real relaxation and pleasure comes after supper, when she has nothing much to do except wash the dishes, cut the old man's hair, mend the hired man's overalls, spank the seven children and put them to bed, read the "Weekly Bazaar" to her husband, make a batch of yarb tea, set the pancake batter for breakfast, do some quilting, string four bushels of apples to dry, put the cats out, wind the clock, lock the chicken coop, cover up the bird cages, grease the old man's chest with arnicky and go to bed.

When she goes to bed she meets herself getting up.

Teach the farmer's wife efficiency? Huh! She invented it.

I Held Her Hand.

She asked me to do so, of course, I simply had to hold her hand.

The thing required no show of force. And really didn't take much sand.

I'd always thought, I'd always heard To hold a hand like hers would be The finest job that e'er occurred;

A dream of bliss and ecstasy. I had expected to be thrilled.

This did not prove to be the case. With fond anticipations chilled, I found it very commonplace.

The pleasure in the thing was small. To tell the truth, I am compelled. You see, she was not there at all. It was her hand at bridge I held.

CAMEMBERT.

## KEEP BREAKFASTS AT ONE CENT.

Minneapolis Schools Maintain Work Despite the H. C. of L.

Penny breakfasts in the public schools are costing, roughly, one-third more per pupil than at this time last year, but no change in quantity, quality or variety of foods served has been made as a result, according to Mrs. O. A. Schall, chairman of the committee which finances the breakfasts.

These breakfasts are being served in the Clay, Adams, Van, Cleve and Washington schools. Pupils from the Jackson and Peabody schools go to the Clay for the breakfast. A committee representing the Woman's club of Minneapolis and the Minnesota Federation of Women's clubs raises the funds for this service and promotes it in the four schools under the general direction of the board of education.

As food prices have gone up, members of the two organizations have contributed to meet the problems presented. Buying at wholesale has helped.

Fewer pupils are served this year than last. Now only those are served who are recommended by school nurses after they have visited the homes. From 150 to 200 breakfasts are served daily.

## TIMELY HINTS FOR THE HOME GARDENER.

How Much Vegetable Seed to Plant for a Family of Four.

Special to the News.

Washington, March 16.—Vegetable seed for planting should be ordered at once so as to be on hand as soon as the weather and condition of the soil make planting possible. Before ordering seed the home gardener would do well to look over his garden plot, decide on the best location for each vegetable, and determine how much seed he will require for the space available for each variety.

He will find it helpful to make a rough plan of his garden on a large sheet of wrapping paper. On this plan he can indicate the spaces to be used for each variety and also by means of colored pencils or symbols show where a second crop is to be planted or interplanted between growing rows, and also arrange for the second and third crops which are to follow those previously harvested.

Such a plan will enable him to keep the garden busy all season supplying fresh vegetables during the summer and producing in the late fall root and other crops for winter use.

The following amounts of seed the garden specialists of the United States department of agriculture say are needed to plant approximately 100 feet of row, or enough to supply vegetables for a family of four:

Beans, snap ..... 4 ounces  
Beans, pole ..... 1/2 pint  
Beans, bush Lima ..... 1/2 pint  
Cabbage, early ..... 1 ounce  
Cauliflower ..... 1 ounce  
Celery ..... 1 packet  
Cucumber ..... 1 ounce  
Eggplant ..... 1 packet  
Kale, or Swiss Chard ..... 1 ounce  
Parsley ..... 1 packet  
Parsnips ..... 1 ounce  
Salsify ..... 1 ounce  
Summer squash ..... 1 ounce  
Hubbard Squash ..... 1 ounce

The following vegetables, the specialist say, will undoubtedly be planted in larger amounts than those just mentioned, and the amounts of seed given will be a guide for ordinary requirements. Some families may need more of the various vegetables and others would need less:

Beet ..... 4 ounces  
Cabbage, late ..... 1/2 to 1 ounce  
Corn, sweet ..... 1/2 pint  
Lettuce ..... 1 ounce  
Muskmelon ..... 1 ounce  
Onion sets ..... 2 quarts  
Peas, garden ..... 2 to 4 quarts  
Radish ..... 1 to 2 ounces  
Spinach ..... 1/2 pound in spring  
Squash ..... 1/2 pound in fall  
Tomatoes, late ..... 1 ounce  
Turnips ..... 1/2 pound  
Watermelon ..... 1 ounce

The string beans, bush Lima beans, sweet corn, lettuce, peas and radishes will not all be planted at one time, but successive plantings two or three weeks apart will be made so as to have a fresh supply throughout the season.

Of early Irish potatoes one peck to half bushel will be required, and of late potatoes half bushel to one bushel, or more, depending upon the amount of ground available for this purpose. If

possible, enough Irish potatoes should be grown to last throughout the winter.

In the event that the family wishes to raise vegetables to supply current needs and also to supply a surplus for canning, the amounts indicated above should be considerably increased.

# "Damned to Everlasting Fame!"

are the words used by the Chicago Herald to condemn the Senators who filibustered the Armed Neutrality Bill to death. Other papers throughout the country are scarcely less harsh in expressing their feelings.

There can be little doubt that this vigorous phrase represents in a measure the wave of anger that swept the country and aroused the majority of the Senators themselves to make a change in the Senate rules, to make filibustering tactics in the face of a great international crisis impossible.

Whatever may have been the motive of the filibusterers, their action evokes much enthusiasm in the German press abroad. The Frankfurter Zeitung hails them as "fine Americans who remain uncontaminated by Wilson's blind devotion to England."

In our own country the Emergency Peace Federation bestows its admiration upon the filibusterers and says that "we believe you represent a vast, tho unknown, part of the Americans whose earnest desire it is that this country should not be drawn into war directly or indirectly."

In THE LITERARY DIGEST for March 17th, every phase of the controversy raging over the Senate's action, is covered from every angle. Not only public opinion in America is shown, but that of Germany and England.

Other articles of supreme interest at the present time are:

## Foreign Testimony to the News-Value of the Digest

In a recent letter to the editor of THE LITERARY DIGEST a European reader of this uniquely serviceable news-magazine makes the statement that the news in THE DIGEST is two weeks old when it reaches him, it is nevertheless so well presented and so impartially comprehensive in its scope that he is able to get a better idea of what is going on in Europe than by reading the press of that day in his own country, now at war. This piece of testimony is very much

to the point, as it makes clear the fact that only the unbiased observer can accurately assemble and present the facts regarding any great issue, be it war, politics, or religion, and that no partisan periodical can afford a fair or wholly reliable view of them. THE DIGEST is such an observer, analyzing, comparing, recording all news of interest, holding a brief for no party and for no school. It gives you the undistorted facts. Read it and be convinced.

## WILL PLAN MEANS TO SEND CONFEDERATES TO JUNE REUNION

IMPORTANT MEETING OF CLEBURNE CAMP ANNOUNCED FOR SUNDAY AFTERNOON.

The question of providing ways and means for Confederates to attend the national reunion of Confederates in Washington, D. C., in June will be taken up at the meeting of Pat Cleburne camp, U. C. V., Sunday afternoon. This is an important matter, and Commander C. L. Johnson and Adjutant Bradford Hancock urge all members to attend.

In many places there have been flax sales, entertainments by Daughters of the Confederacy and other steps of similar nature taken with which to provide funds to pay the railroad fare of the veterans who were unable to make the trip for financial reasons. It is thought that some steps will be taken here to afford veterans the chance where they wish to attend.

The Sons of the Confederacy are especially requested to be present Sunday, as the veterans wish to confer with them.

Daughters of the Confederacy, visiting comrades and the public are invited to attend.

## Meridian Campaign Will Be Closed Monday, Sure

The campaign in behalf of Meridian Junior college will close Monday, it was stated yesterday by Rev. D. A. McGuire, a member of the Waco committee.

The campaign was extended one week, owing to the fact that it was interrupted by bad weather the first week it was launched. It is thought that the full amount sought from the four districts will be secured, this total being \$125,000.

## OWNS 18,000 STEERS READY FOR MARKET

FORMER WAGGAN IN TOWN YESTERDAY FROM FT. WORTH STOCK SHOW.

That good prices are being paid for prime steers is the information received by T. J. Primm from his son, James Primm of El Paso, who has been in Fort Worth attending the meeting of stockmen.

James Primm is president of the American Trust and Savings bank of El Paso, and a large ranch owner. He has at present, with his associates, 18,000 head of cattle about ready for market; naturally he is taking a keen interest in the prices of stock. He was a resident of Waco until a few years ago. His success in El Paso has been marked and rapid.

## Meeting of Agricultural Advisory Board Today

A meeting of the advisory board which has been named to co-operate with the agricultural committee of the Chamber of Commerce has been called by County Agent J. A. Pipkin, Jr., for this afternoon. The meeting will be held at 2 o'clock, Chamber of Commerce rooms, at which time the board will formally organize. Questions of terracing, deep land breaking, tick eradication and drainage will be taken up.

## SHREVEPORT ROTARY CLUBS ARE PREPARING FOR DISTRICT MEET

WACO CLUB MEMBERS RECEIVE BULLETIN FROM THERE TELLING OF PLANS.

Waco Rotarians were yesterday in receipt of the following bulletin from Shreveport with regard to the district conference of Rotarians to be held there March 22 and 23:

"Three hundred or more of the best business men of Texas and Louisiana, members of the twenty-one Rotary clubs located within the two states, are expected to attend the district conference which will be held in Shreveport, La., March 22 and 23. In anticipation of the event the Shreveport Rotary club began last fall when it was, even at that date, reasonably sure of leading the contest, to make its plans for entertaining the visitors. The result is that it is ready for the delegates should the district governor suddenly advance the date.

"That feature of the gathering will, of course, be the presence of Arch C. Klumph, president of the International Association of Rotary clubs, but arrayed behind his participation in the convention there will be two days of intensive business program pertaining to Rotary within the twelfth district, and entertainments provided for the visiting delegates and their ladies.

"The Youree hotel will be the headquarters and the business sessions will be held in its convention hall, where the two Rotary luncheons of the convention will also be held at 12:15 p. m. Thursday and Friday. In addition to these luncheons, for which the entertainment committee has provided musical and vaudeville entertainments, there will be a Dutch lunch at the Country club, a tea for the ladies, a reception and dance in honor of President Klumph and numerous tours of Shreveport and its environs, particularly to the newly discovered oil and gas fields six miles south of the city, which are reached via paved roads.

"It is planned to meet the visitors at the train early Thursday morning and escort them at once to the Youree where they will be the guests of the Shreveport Rotarians at breakfast. Thereafter their money is counterfeited for the local club with the help of the other clubs of the district has financed the convention in an admirable manner.

"The programs for the various business sessions of the convention, two of which are to be held each day, are filled with matters of vital interest to the several clubs and their individual members. President Klumph will, of course, be on the program for one or more addresses and in addition the clubs of the district have the Atlanta convention to prepare for.

"Shreveport has hotel accommodations to care for every member of every club in the district should they care to come, and the Rotary club issues them the invitation to come and bring their ladies with them."

## Begin Work Removing Central Presbyterian

Work of tearing away the old Central Presbyterian church has been undertaken, and the charred and marred remains of the building are being rapidly removed. The church is located at the southeast corner of Twelfth and Washington streets.

Rev. E. E. Ingram, the pastor, said yesterday that the campaign for funds for building a new church is being carried forward vigorously, has been well received, and as soon as conditions become more settled it is thought that responses will be even more satisfactory than at present.

## Urges Waco Market Be Established at Once

Speaking of the proposition to establish in Waco a market house, O. J. Miller said:

"This is an important matter. A market house should be established in Waco; in fact, should have been established before now. I hope the commercial bodies of the city will get behind the proposition and make it a reality. It is important for the whole people."

The Lions already have decided that Waco should have a market house, and the matter probably will be pushed along by other organizations as well.

## To Hold Revival at North Waco Christian

Announcement has been made of a revival meeting on March 25 to be held at the Christian church in North Waco. The announcement has appeared in the form of a small pamphlet signed by Rev. E. L. Hughes, pastor.

### TO LECTURE SUNDAY.

F. Rivers Barnwell, representative of the American Humane Educational society of Boston, Mass., is in Waco to deliver a lecture on Humane Education. The lecture will be given at the New Hope Baptist church Sunday afternoon at 3 o'clock.

## Perhaps It's Here

MEMBERS of the sheriff's department force were called to a point on the Boqueville road beyond the old T. C. U. campus yesterday, to take charge of a man who is alleged to have become suddenly insane. The man was taken in charge, but resisted, and a regular melee ensued. He was finally placed under detention.

Luther E. Scott and Miss Lottie McClain were issued a marriage license yesterday.

At 12:15 today Judge R. I. Munro of the Fifty-fourth district court will be the speaker at the Lawyers' Lunch club meeting at the Hotel Raleigh. Judge Munro will choose his own topic.

Dero M. Wood was elected a director of the Retail Clothiers' association of Texas at a meeting in Houston Thursday. Mr. Wood is head of the firm of Wood Brothers and one of the best known and most experienced clothing men in the state.

There will be an educational rally at Hallsburg tonight, in which there is general community interest. There will be an address from County Superintendent of Public Instruction R. L. Abbott, J. H. Quarles, and possibly by Dr. W. E. Hall. The rally will be held at the school house.

That people who are traveling about in this section are moving rapidly, and not stopping long at any one place, was the statement made yesterday by Day Clerk Marshall Carville of the State House. He said: "Out of fifty guests who registered in the hotel Thursday night, thirty-three had registered off by noon Friday. There is quite a bit of travel, but people are not stopping long in any one place."

"Teaching As a Life Work" was the subject of an address delivered last night by Dr. Frederick Eby of the State university. He spoke to members of the High School club. The speaking was at the Y. M. C. A. at 6:30.

Rev. F. S. Groner, pastor of the Columbus Street Baptist church, is having good success in the protracted meeting at Corsicana, according to newspaper accounts from that place.

Two negro boys, picked up by the Waco police, will be turned over to the county probation officer. The boys came into Waco on the "blind baggage" of a passing train, and could not give a satisfactory explanation of their appearance here.

It is claimed by the city officials that there are many machines in the city without tail lights. It is impossible to see the numbers of machines without such lights, and persons dispossessed to violate the speed ordinances could do so without detection, it is claimed.

That W. B. Wolkins of Temple was just determined to "break into" jail anyway was the view of police officers yesterday.

Wolkins was arrested by Police Officer Brandon on a charge of theft of an overcoat from the office of A. M. Johnson in the Peerless building, but prior to that he had been locked up twice. The first time he was nipped for being drunk, the second time on a charge of vagrancy.

Congressman J. L. Slayden of San Antonio spent yesterday in Waco. While here he met a number of friends.

Congressman Slayden is a brother of the late S. W. Slayden, who died in Washington, and who established in Waco, in company with associates, the old Slayden-Kirksey woolen mills.

The showers yesterday morning in this section added materially to the supply of moisture.

Much corn had been planted, and the rain came most opportunistically for that corn; it is believed that practically all corn planted in this section will come up. Some grain was further greatly benefited, and truck crops and gardens also pushed further towards the point where they can begin to relieve the high cost of living.

One of the results of the compulsory school attendance law in Waco has been to make delivery boys very scarce.

The scarcity of delivery boys is of course more marked in the winter and spring, as they will be available in larger number during the summer.

Some grocery firms are taking orders with the understanding that delivery of goods is not to be made until "after school." In this way lower prices are quoted, so it is claimed, as some boys go out and deliver goods after school hours.
